## Russia- and CIS-related international dispute resolution

Since its launch in 2009, CIS Arbitration Forum has become an important platform uniting efforts of legal scholars and practitioners in the field of Russia- and CIS-related international dispute resolution.

It serves as the hub of knowledge and expertise in arbitration, mediation and litigation involving parties from the region.

Our network includes experts from every legal system in the former Soviet Union and beyond.

Our expertise in multijurisdictional legal research, knowledge of law and practice of dispute resolution help produce high quality analysis, organize events and trainings on a neutral platform.

### • Analysis

In-depth coverage of recent cases, legal developments and news for international dispute resolution practitioners and academics

### • Trainings

Programmes and seminars for both public and private sectors on various issues related to international dispute resolution

### • Expert Services

Preparing reports and expert opinions related to international dispute resolution and the laws of Russia, Ukraine, Belarus, Kazakhstan and other CIS states

### • Marketing

Information partnership and advertising for conferences, seminars and other events in the field of international dispute resolution
